HALF & HALF

Pendant – Cone

Polished Nickel / Clear Frosted

# About

Roll & Hill collaborates with some of the most exciting independent designers working today to create a collection of beautiful and unique lighting fixtures. Roll & Hill was founded in 2010 by Jason Miller, whose experience as a designer and producer inspired him to create a company that might harness the talents of those independent designers, while offering a small-batch production model that's more often associated with boutique studios.

Roll & Hill is committed to on-demand production, which allows for each piece to be customized to a client's needs. At Roll & Hill's headquarters in Sunset Park, Brooklyn, parts are assembled by hand, one lamp at a time.

Roll & Hill's pieces draw from a rich material palette that includes brass, bronze, leather, wood, hand-knotted rope and mouth-blown glass. Roll & Hill's designers often pair historical elements with contemporary forms to create lights that feel familiar, yet totally new.
